# Furniture, clothes and household

englisch

Furnishing a new flat can be very expensive. If budget is small, **second-hand furnitures, household items and clothes in good condition** can be bought in second-hand shops or charity shops. Everything necessary for a new start can be found there. However the supply depends on given donations and thus the assortment can vary. Therefore it is advisable to visit the shops during opening hours and ask for the desired goods. Sometimes it is necessary to prove once own neediness, e.g. with a note from the Jobcenter or the Sozialamt (City's department for social security).
